

Dear families,

To continue to support our schools, students, staff and families, York Region District School Board is pleased to be able to facilitate in partnership with York Region Public Health and the Ministry of Education, voluntary targeted COVID-19 testing. In addition to daily screening, masking and the other [health and safety measures](#), targeted testing (asymptomatic with no known exposure to COVID-19) in schools is an important layer of protection that helps to limit the spread of COVID-19.

There is additional symptomatic and asymptomatic testing available at multiple vacant Board sites as outlined in this [memo from Public Health](#).

Targeted testing will help ensure that our schools remain a safe environment for all to learn and work in.

Targeted COVID-19 testing is voluntary for **asymptomatic** students and staff only and will take place at:
