

Eligible senior students have an opportunity to take a first-year College level course while in high school. A dual credit course counts as one of your 3 or 4 courses in a semester. Classes run once a week and are offered through various colleges. Upon successful completion of the course, students earn ONE high school credit towards their OSSD, and ONE credit from the college delivering the course.

The dual credit courses listed below have been traditionally available through our partner colleges. Check out our on-line flyer: www.yrdsb.cc/dualcreditflyer for the most up-to-date information regarding current course offerings and see your guidance counselor or contact your school's Regional Dual Credit Teacher to sign up.
