

# Greensborough PS

May 21, 2015

***Inspire*** Learning!

# School Boundaries

- Projected enrolments for all schools in our system are reviewed in detail each year
  - If school enrolments exceed their capacity, there are strategies used to help accommodate students:
    - Portables
    - Program changes
    - Overflow and Holding Areas
    - Boundary changes
  - Review neighbouring schools for opportunity to rebalance
- 

# Mount Joy PS & Greensborough PS

- Review neighbouring schools for opportunity to rebalance
  - Mount Joy PS is experiencing peak student yield and a 6<sup>th</sup> portable is being added for Sept 2015
  - Greensborough PS has a softer student yield and 2 portables
  - There is an opportunity to rebalance the 2 regular schools in this block
- 

# Greensborough PS

- Over time, new registrants from these 2 areas will add to the enrolment to Greensborough PS
- Remaining space at Greensborough PS will be utilized to accommodate students
- If needed, additional portables could be utilized

# Next Steps for Boundary Change

- Holding area effective May 1, 2015
- Boundary change to Board and formal implementation September 2016
