Block 18 #2 Site – School Need

- Analysis of future development in the Block 18 area shows that there is not a sustainable threshold for two community schools for our Board
- However, there is a need for additional student accommodation at Dr. Roberta Bondar PS
 - 2 rooms added for Full Day kindergarten
 - 7 classroom addition for 2nd floor

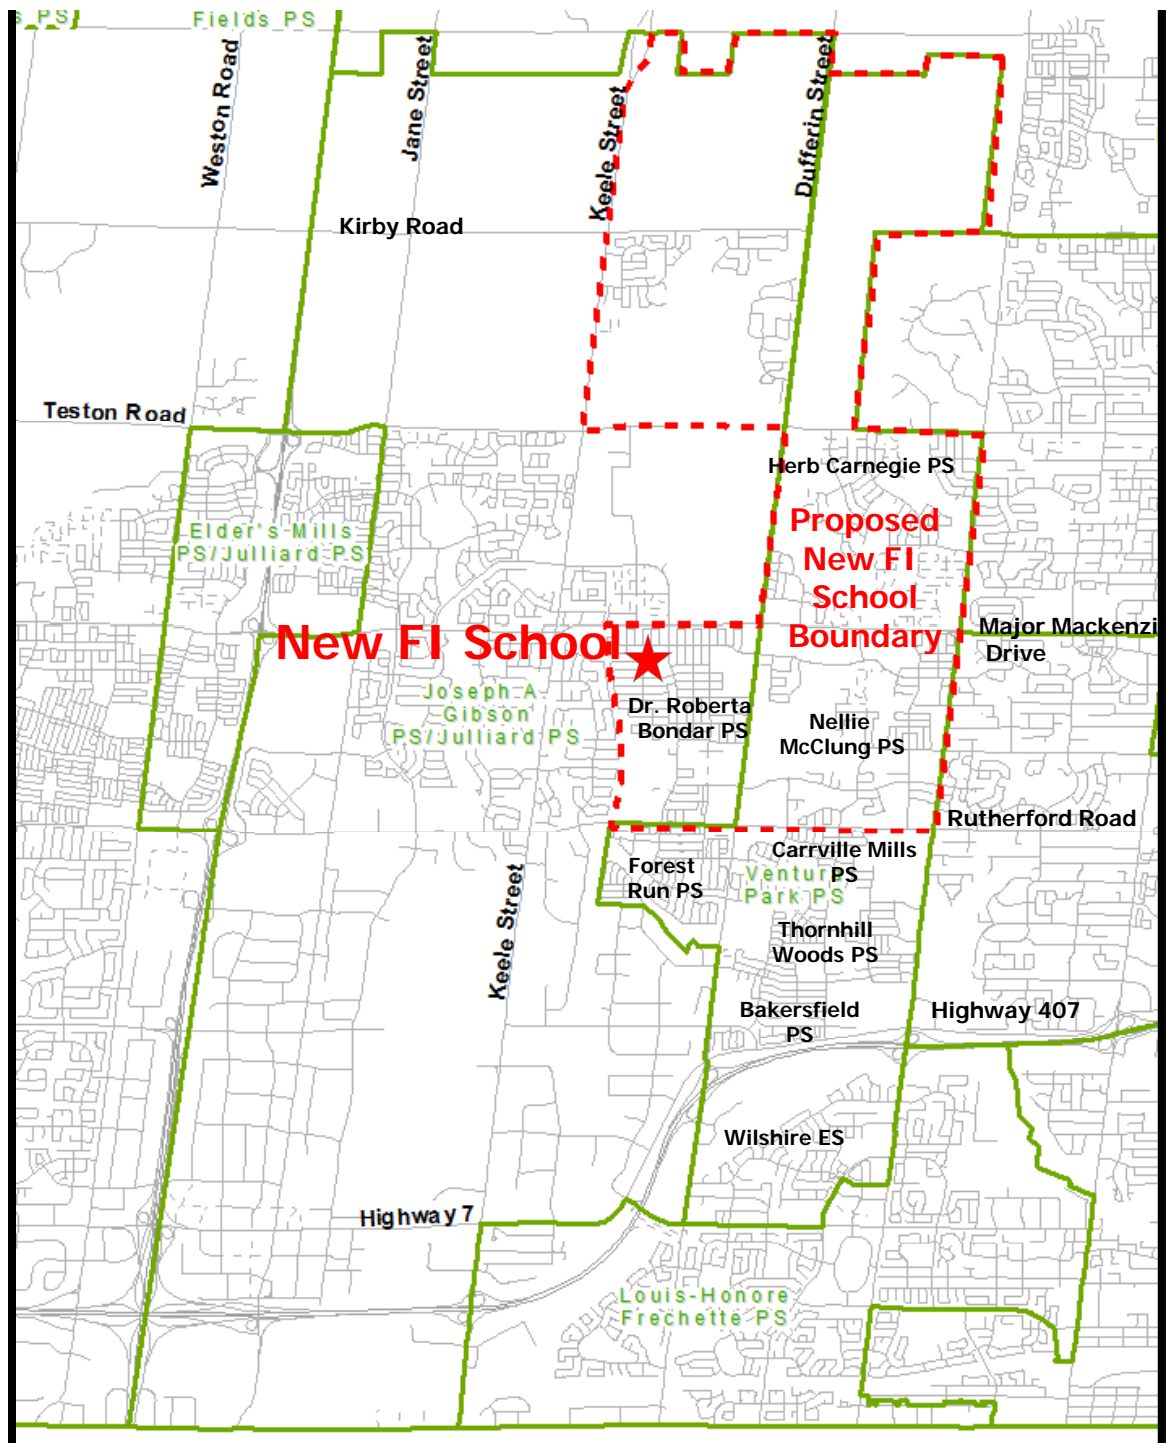

FI Accommodation Need

- There is a greater need for FI school accommodation than regular track accommodation in the Bathurst-Dufferin corridor due to new development
- To help with the FI program at both Julliard PS and Ventura Park PS, the Block 18 #2 site will open in Sept 2015 as a single track FI school for Grades 1-8

Creation of New FI Boundary

- Public meeting in Fall 2013 for boundary review process:
 - Dr. Roberta Bondar PS absorbing Unnamed Block 18 #2 boundary
 - Boundary for Block 18 #2 FI school
